

## PLEASE SUPPORT HCR 6020

SD Right to Life supports the passage of [House Concurrent Resolution 6020](#) which expresses South Dakota's commitment to the **Sanctify of Human Life** from the moment of conception to natural death. [HCR 6020](#) responds to a pro-abortion position recently adopted by the National Education Association (NEA), a public teachers union and the nation's largest professional interest group. The groups believe in "the fundamental right to abortion under Roe v. Wade" is particularly concerning given the educational vocation to form children in truth, virtue, and respect for life. [HCR 6020](#) advances a culture of life.

**TIME SENSITIVE:** This resolution has moved quickly. It was introduced on Wednesday, February 26, and will be on the House floor for a vote, at the earliest, on Monday, March 2.

[Email your House Representatives and Senator](#) now to share your support of [HCR 6020](#).
