South Dakota Right to Life is a non-profit, non-denominational organization whose philosophy is that all innocent human life is inviolable and is to be guaranteed protection from conception until natural death.

President's Column

By: Dr. Fred Deutsch

"Not because of who I am,
But because of what you've done.
Not because of what I've done,
But because of who you are."
—From "Who am I" by Mercy Me

Welcome to our spring edition! Since you last heard from me much has happened. Our new Executive Director Dale Bartscher has been traveling the state meeting new members and developing new local Right-to-Life groups. In addition to this, South Dakota Right to Life (SDRTL) had one of its most successful legislative years in recent memory.

All of our success is not because of who I am or who our board is, but because of who God is, and because of who you are. It's because of you we are able to change the law so that unborn children are welcomed in life and protected in law. To do that we count on you to elect pro-life men and women, then work with those elected officials to enact pro-life legislation and fend off anti-life initiatives.

Because of you we also elect officials who will nominate judges to the various courts, who understand and will uphold the Constitution. We will, someday, have the right men and women at all levels of the court system that will uphold pro-life legislation passed by pro-life elected officials, and babies will be saved. As we work on that goal, another goal we work on is educating fellow South Dakotans, so we can do more to change hearts and minds.

All of this would be impossible without your steadfast support. Every time you cast a vote for a pro-life legislator; every time you volunteer to help at a crisis pregnancy center; every time you pray in front of Planned Parenthood; every time you volunteer time to help with an educational booth at a county fair or local community event; every time you post pro-life information on your Facebook page; every time you recruit donors to buy an ad in your local newspaper; every time you renew your membership or sign up a new person to be a SDRTL member; every time you advocate for unborn children in churches and schools; every time you build a relationship with local reporters—I think you get my point—everything you do to inform and enlighten your local community makes a difference. Your contributions make SDRTL and the pro-life movement stronger.

Let me conclude with this. I want you to know that SDRTL has not, does not, nor ever will take you and what you do for unborn children for granted. We cherish your efforts and are proud of our cooperative achievements which are changing hearts and minds throughout South Dakota.

Everything you do is making a difference, which is why one day we will win this battle for life. To all of you, a sincere and heartfelt thank you.

The Executive Director's Message

By: Dale Bartscher

The time is now.
Let YOUR VOICE be heard

As SDRTL focuses on our plans to move ahead in the battle to protect life in all stages from conception to natural death, the Word of God instructs us as to our attitudes and even our methods: "And walk in love, even as Christ hath loved us, and hath given himself for us, to be an offering and a sacrifice of a sweet-smelling savor to God." (Ephesians 5:2, 1599 Geneva Bible [GB]) "Take heed therefore that ye walk circumspectly, not as fools, but as wise, Redeeming the season: for the days are evil." (Eph 4:15-16 [GB])

Pro-life men have a God-given instinct to protect women and children from harm. Pro-life women have an innate impulse to care for and nourish children. Yet, the uninvolved majority of us go about our daily lives of school, church, work and play activities while women are injured and thousands of babies are quietly and lawfully murdered in the name of 'healthcare'. While we are enjoying the many gifts and freedoms God has granted to America, on our own watch millions of babies are being slaughtered by abortion.

God's Word commands us to use our time wisely. Spending our Pro-Life time and energy running off in a hundred

different directions is nothing but motion without movement! Focus is important.

Therefore, SDRTL focuses on legislation and education to protect defenseless human life from abortion, infanticide, assisted suicide, euthanasia and related issues.

Clarke D. Forsythe, J.D., Senior Counsel at Americans United for Life (AUL) recently said, "One of the great, unheralded achievements of the cause for life in America has been keeping Roe unsettled over the 45 years since it was decided, despite ferocious hostility from powerful forces and cultural elites."

In responding to this statement, the RTL of Greater Cincinnati recently wrote the following: "In order to keep Roe 'unsettled', the pro-life movement must continue to drive PRO-LIFE LEGISLATION that challenges Roe v Wade, and we must elect PRO-LIFE LEGISLATORS and PRO-LIFE JUDGES who oppose it. This fight is not won with weapons and physical exertion. The fight for life will be won or lost in the courtrooms of the United States."

And it is on the state scene as well as the federal scene that the battle must be won. Here in South Dakota, we came out of a very successful Pro-Life Legislative session. We were gratified to have six pro-life bills signed into law and to have the passage of two strongly-worded, pro-life resolutions. Today our work seeks to continue strengthening the pro-life movement in South Dakota.

Our country is severely divided over the question of the value of life. If Roe v. Wade was overturned today, only ten states (including South Dakota) would have enforceable laws prohibiting abortion before twenty weeks, or viability. Eighteen states and the District of Columbia would have enforceable prohibitions only after twenty weeks. The remaining twenty-two states would

have abortion on demand throughout pregnancy.

Make no mistake. The 2020 election will be about ABORTION. And our political victory is far from certain. Some believe we may need a six-justice majority on the Supreme Court to overturn Roe v Wade. We must keep the Presidency and the Senate in 2020, and we must elect pro-life judges and legislators.

Pro-life men and women, the time is NOW! No longer can we afford to be PASSIVE – FORGETFUL – FEARFUL- SILENT. SPEAK UP AND LET YOUR VOICE BE HEARD!

Mark Twain says, "The two most important days in your life are the day you are born and the day you find out why." So, ask yourself WHY you were born and, more importantly, why you were chosen to live on this earth at this point in time. You are called to join this Pro-Life fight. There is a place for everyone, and we must leave no position unfilled.

And, so I ask – what will YOU do?

PRAY

God is our leader, and we must go to Him first. Pray at home, church, work, abortion facilities. Pray always. May God's will be done in all things!

SPEAK UP

Vote for LIFE and help us spread the word about pro-life candidates and judges when the time is right.

GIVE

Donate! We are working daily on legislation and education to make SD the nations #1 Pro-Life state, and to elect pro-life judges and legislators. Your donations directly support our work!

Where your Donations are Going

By: Spencer Cody SDRTL Treasurer

Our South Dakota Right to Life Board works diligently to make the most of every contribution we receive. Here is a breakdown of how your donations have been spent in 2019. Chapter and fair supplies take up nearly a quarter of our budget every year.

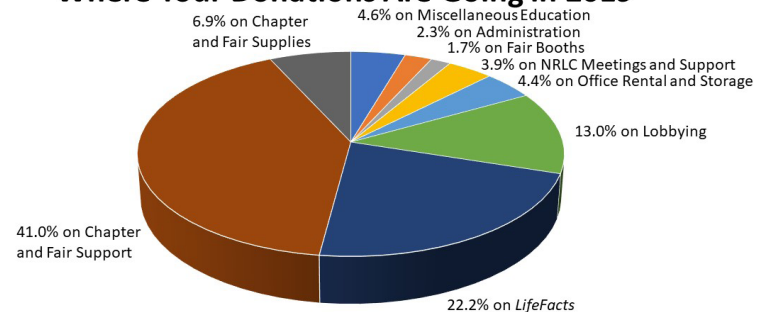

SDRTL offers support to roughly 40 chapters and participates in a wide range of fairs and events. Your donations ensure that we are always distributing new and innovative displays and pro-life materials. About 40% of our budget goes toward providing staff in supporting chapters, expanding pro-life outreach, and coordinating our booths at fairs and other events along with another 7% of our budget on supplies and materials for chapters and fairs. Sending LifeFacts to 16,000 households four times a year is one of our biggest educational expenses, consisting of roughly 22% of our yearly budget.

Lobbying takes up about 13% of our budget. Each session we have a fulltime lobbyist in Pierre working with our legislative committee to develop, refine, and push through meaningful pro-life legislation that helps educate and save lives while blocking anti-life legislation in its tracks. The success of our lobbying efforts has been stunning: 27 pieces of pro-life legislation passed within the last nine sessions. Four percent of our budget is spent on maintaining an office and storage space in Rapid City.

Another 4% is used to send South Dakota delegates to National Right to Life meetings, conventions, and trainings and provide support to National Right to Life. Two percent of our budget is spent on paying for fair booths and expenses for other events to ensure our pro-life message is reaching people throughout the state. Only 2.3% of the budget is being spent on administration membership mailings, postage, and office supplies. Miscellaneous education expenses are less than 5% of our budget and include things like our essay contests, Hour of Reflection, convention, and other education opportunities.

Every dollar that you donate gets stretched to its breaking point and supports a large network of chapters and volunteers committed to furthering and cementing our gains toward a culture that values LIFE. Thanks so much for supporting your South Dakota Right to Life!

A Day of Fasting and Prayer

During the 2019 Legislative Session the SD House of Representatives adopted House Resolution 1003. SDRTL Board Member and Representative Jon Hansen was the Prime Sponsor of HR1003 which denounced the recent passage of New York's abortion law and requested that Governor Noem declare a day of prayer and fasting to atone for the unspeakable crime of abortion. The Governor agreed, and had declared May 4th as a statewide day of prayer and fasting for all. Even though the date of May 4th has come and gone may we be ever mindful to continue to PRAY for an end to abortion as her Proclamation and our Lord encourages us to do.

Executive Proclamation

State of South Dakota Office of the Governor

Whereas, On the forty-sixth anniversary to the day of the Roe v. Wade decision, the Honorable Andrew M. Cuomo, the fifty-sixth Governor of the state of New York, signed into law an act that permits nearly limitless abortion of a child in utero, even in the last moments before that child's eyes see the light beyond the womb; and,

Whereas, Other states in our Union may seek to follow this path. All life is sacred and that every person has dignity and worth. We are speaking of fully-formed babies. We are speaking of human beings with fully-formed hearts and lungs, eyes and mouths, hands and feet, utterly indistinguishable from our own children and grandchildren; and,

Whereas, Life is sacred from the moment of conception. We know, by the eternal law and the evidence of history, that the destruction of innocent life cries out to heaven for justice. With all humility and in fitting fear for perdition, it is thus proper to bow before the unseen Author of all life and beg mercy in atonement for our sins and the sins of our countrymen, that the cause of our sadness might be lifted from this land and harmony among all restored; and,

Now, Therefore, I, Kristi Noem, Governor of the state of South Dakota do hereby proclaim May 4, 2019, as

A DAY OF PRAYER AND FASTING FOR ALL

In South Dakota and I respectfully request people of all creeds or none at all to observe this day with solemn mourning and pleas to heaven as best their consciences do direct.

In Witness Whereof, I have hereunto set my hand and caused to be affixed the Great Seal of the state of South Dakota, in Pierre, the Capitol City, this First Day of April in the Year of Our Lord, Two Thousand and Nineteen.

Kristi Noem, Governor

Attest: Steven J. Barnett, Secretary of State

South Dakota Right To Life

Legislative Session Results

By: Dale Bartscher, SDRTL Executive Director

South Dakota Right to Life supports legislation that helps protect the right to life of all defenseless human beings from conception to natural death. Thus, I served as your SDRTL's Lobbyist during the 94th SD Legislative Session from January 8 to March 13, 2019. You may review complete details of our work by going to www.SDrightrighttolife.org and click on the tab: 2019 SD Legislative Session.

While we wait on federal Pro-Life legislation, our own SD Legislature did their Pro-Life best as they passed six Pro-Life Bills, which Governor Noem quickly signed into law, and two Pro-Life Resolutions. I found it amazingly reassuring to work side-by-side with two of our SDRTL Board Members who are currently serving in the SD Legislature: Representative Fred Deutsch (District 04) and Representative Jon Hansen (District 25).

These six Pro-Life Bills and two Pro-Life Resolutions are listed on PAGE 7 including their vote tallies. Although, all eight of these pieces of legislation passed with overwhelming Legislative support, each came with sometimes significant twists and turns in order to get them across the finish line.

Also, listed on this Legislative Chart is the one Bill SDRTL chose to oppose - SB6. Although we believe it's Prime Sponsor to have been well-intentioned with the bringing of this bill, none-the-less we found it to be poorly written and poorly timed. Thus we were left with no option but to oppose SB6 in Senate Committee. While we were grateful with the defeat of SB6 in the Senate Committee, we were even more appreciative that the Prime Sponsor of SB6 went on to Sponsor in the Senate two of our Bills -HB1177 and HB1190.

During this Legislative Session I was reminded of the words of Vern McLellan who wrote: "What the New Year brings to you will depend a great deal on what you bring to the New Year." It was my desire, as your SDRTL Lobbyist, that I would always bring to the Legislative Session a sense of truth, professional discernment, a gratitude attitude and most of all a Christ-like spirit.

We'll do our best to keep you informed on issues we identify as having potential impact on our South Dakota's Pro-Life Laws and yes, we are already in the planning stages for those Pro-Life Bills we may introduce in the 2020 Legislative Session.

2019 SDRTL Legislative Efforts

Bill	SDRTL Position & Description	House	Senate	Governor Has Signed
SB72	Supported - An Act to provide for a form a physician must use to obtain consent to an abortion.	PASSED (59 to 9)	PASSED (26 to 5)	YES
SB85	Supported - An act to move the deadline for reporting abortion statistics from November 15 to July 1.	PASSED (68 to 0)	PASSED (34 to 0)	YES
HB1055	Supported - An act to require parental consent before placing a "Do Not Resuscitate" order in the medical file of a minor child.	PASSED (68 to 0)	PASSED (32 to 0)	YES
HB1177	Supported - An Act to provide a pregnant mother the opportunity to view her sonogram and hear her child's heartbeat prior to an abortion.	PASSED (69 to 9)	PASSED (33 to 1)	YES
HB1190	Supported - An act to update the informed consent requirements to include reporting on the number of "mothers" that chose to hear the heartbeat of the child.	PASSED (58 to 11)	PASSED (31 to 3)	YES
HB1193	Supported - An Act to provide a criminal penalty for causing an abortion against a pregnant mother's will.	PASSED (68 to 0)	PASSED (38 to 0)	YES
HR1003	Supported - A Resolution denouncing the recent passage of New York's abortion law and requesting that the Governor declare a day of prayer and fasting to atone for the unspeakable crime of abortion.	PASSED (59 to 9)	-----	Governor has declared Saturday, May 4 as this day of prayer & fasting!
HR1004	Supported - A Resolution petitioning Congress and the President to immediately defund Planned Parenthood of all federal funding; strongly condemning the recent unrestrictive abortion law passed in New York; and, expressing South Dakotans' continued resolve to secure the blessings of life and liberty for our posterity.	PASSED (55 to 9)	-----	-----
SB6	Opposed - Mandatory Sonogram and Heart Auscultation Bill: An act to revise certain provisions regarding sonogram and heart auscultation prior to an abortion.	-----	FAILED In Senate Committee (5 to 2)	-----

SDRTL Region 11 Welcomes New Board Member

By: Dale Bartscher, SDRTL Executive Director

This I know...my success as SDRTL Executive Director is determined by the people I surround myself with and none are closer to me than are our amazing Board of Directors. To see who serves on our Board of Directors please go to www.SDrighttolife.org and click on the tab: Who We Are (Board of Directors).

SDRTL has strategically divided the state of SD into 12 regions. Each region may be represented by two Board Members. Currently there are 18 serving SDRTL Board Members representing nine regions and two at large members. Thus, we had no Board Members representing regions 3, 9 and 11.

We are pleased to announce the addition of Dr. Russel (Russ) Enns to our SDRTL Board of Directors. Dr. Enns will be representing REGION 11 which is comprised of the communities located in the Northern Black Hills area.

To see a map of our state's 12 regions please go to www.SDrighttolife.org and click on the tab: Who We Are (State Regions).

Dr. Enns retired as the Chief Regulatory Officer for Cepheid at the end of 2012. He oversaw global regulatory, clinical and government affairs, and quality systems for Cepheid since joining the company in 2003. After retirement, Dr. Enns has volunteered with Entrepreneurs in Residence at the South Dakota School of Mines and Technology, and he remains active with his wife Shirley in community charities including faith-based ones.

Dr. Enns and his wife, Shirley, not only talk a Pro-Life talk...they walk a Pro-Life walk. So, after viewing Dr. Enns credentials and sensing his heart and passion for the 'Sanctity of Life' the motion to accept his nomination was made unanimous by the Board of Directors. We welcome Dr. Russel Enns to the SDRTL Board of Directors!

Record Crowd Inspires at DC March for Life

By Debbie Pease, SDRTL Vice President

This January, I was blessed to attend my first ever March for Life in Washington DC. Organizers were expecting around 100,000, but an estimated 600,000 people were in attendance – the largest number in March history. The crowd of mostly young people were joyful and polite and the amazing speakers at the rally on the south lawn of the White House filled me with a sense of hope for a future where abortion will be unthinkable. Vice President Mike Pence declared, "Life is winning. The science and the momentum are on our side."

I was humbled to stand side by side with pro-life champions who have been coming to these marches since the 1970's and many more who, like myself, were there for the first time. The pro-life movement on display at The March was young, vibrant, and passionate about protecting their unborn brothers and sisters.

It is hard to describe the magnitude of that crowd. Once the opening rally ended, we inched toward the street among a sea of marchers, dodging mud

puddles and working hard to stay with our group. Even when we made it to the street, it was pretty slow going as we made our way toward the Capitol Building and the Supreme Court. Some groups were praying, others were chanting, some of us were just taking it all in. Colorful banners and friendly faces stretched ahead and behind us as far as we could see. It was an amazing experience to be part of this massive plea to stop the devastation of abortion.

I returned home with a renewed conviction of the importance of our South Dakota Right to Life mission to be a voice for the voiceless. We must continue to help change hearts and minds through education, legislation and prayer, so that one day all life will be respected and protected from conception to natural death.
